SOFT SKILLS

- Teamwork
- Time Management
- Problem solving
- Critical Thinking

TECH SKILLS

- Python
- Java
- Data Structures
- Algorithms
- MySQL
- Web Development

LANGUAGES

- English
- Hindi (Fluent)

PROFILE

Computer Science undergraduate at SOA ITER with a strong academic foundation (9.7 CGPA). I am a passionate Web Developer actively expanding my skillset into Full Stack Development to build scalable, end-to-end applications. Currently, I am applying my skills by contributing to the Open Source community through Social Winter of Code (SWOC) and Hacktoberfest. I also bridge the gap between development and cloud architecture using Google Cloud Platform (GCP).

EDUCATION

Bachelor of Computer Science

2024 - 2028

School of Science | ITER, SOA University

GPA: 9.7/ 10.0

Senior Secondary (Class XII)

2022 - 2024

SATYAM INTERNATIONAL SCHOOL

GPA: 76.2%

PROJECTS

AI Voice Agent Development

DEC 2026

Led the development of multiple AI-powered voice agents, including applications for conversational assistance, sales automation, wellness tracking, and real-time fraud detection using low-latency text-to-speech systems

Technologies Used: Python, APIs, Text-to-Speech (TTS), Conversational AI, JavaScript

AlumniConnect | Full-StackWeb Application

AUG2025 - SEPT 2025

Developed a responsive platform for alumni networking using Next.js, Implemented secure user authentication and profile management using Clerk

TechnologiesUsed:HTML, CSS, Javascript, Next.js

EXPERIENCE

Open Source Contributor

Contributed to the global Hacktoberfest initiative, successfully gained hands-on experience with Git/GitHub workflows debugging code and improving documentation for open-source repositories. Developed a strong understanding of collaborative development and version control.
